About the deal

I was instructed by MM Building Contractors Limited to recover £25,963.73 from an employer. MM Building Contractors were appointed to re-develop a property in Ealing. The employer failed to serve a payment notice or a pay less notice on time. This meant the sums in our client's application for payment were the notified sums due. In order to avoid commencing adjudication proceedings, I successfully negotiated with the employer and obtained payment of £14,000.
