**Deal Type**

Debt recovery

**Deal Size**

£9000

**About the deal**

I was instructed by CJ's Decorating - Painting Solutions ("CJ's Decorating") to recover £10,444 from a main contractor. CJ's Decorating is a specialist decorating business and were contracted to decorate 14 homes in Braintree. The main contractor failed to serve a payment notice and a payless notice on time. This meant the sums in our client's application were the notified sums due.

The client spent 3 months trying to obtain payment but without any success. Upon receiving instructions I immediately contacted the main contractor. My client successfully received payment of £9,000 within 2 weeks.

*"thank you so much for your assistance, patience and time spent obtaining payment on my behalf which as you know I spent months trying on my own to no avail, it has been great to work with you and thank you for keeping us informed the whole way through the process, I would not hesitate to use your services again or recommend you to others"*
